H: Mount plate heights are calculated using one of the formulae below, based on whether the door is inset, quarter, half or full overlay.

Inset: $H = -2 + K + A$

Quarter: $H = 6 + K - (D)$

Half: $H = 10 + K - (D)$

Full: $H = 15 + K - (D)$

K: Drilling distance from door edge from 3mm to 8mm

T: Door Thickness 28mm
